

Miss Tiarna

Assistant Educator

Certificate III Educator, studying a Diploma of Childrens Services

A little about me...

I like to spend time with my two dogs Harley and Daphne. I play soccer and horse ride. I like listening to country music.

What I love about working with children

Watching them grow everyday, seeing the smiles on their faces but also being able to comfort them in a time of need.

What do you believe about how young children learn?

Young children learn every day through play, conversations, questions and taking risks. Everyone learns differently.

What do you want them to achieve, accomplish, learn and feel?

Self confidence, self help skills and feeling comfortable.

Why we think early years education is important?

In the early years is when a young child learns the most and sets them up for success in the future.
